

Modeling and Simulation Meeting 19./20.03.2009

Participants: A. Benvenuti, R. Gull, B. Huizing, H. Jaouen,
A. de Keersgieter, J. Lorenz

General procedure: Analysis of material from other ITWGs

- > M&S crosscut texts
- > M&S subchapters (individual edit teams)
- > Consolidation in M&S ITWG & with other ITWGs

Main achievements of meeting

- List of M&S subchapters: New one on Reliability Modeling; 3 revised
- First definition of edit teams for M&S subchapters (esp. European)
 - partly with representative from other ITWG
- Several cross-ITWG meetings – follow-up actions defined
- First version of M&S challenges – largely update of “Summary of Issues”
- Update of Requirement tables in progress

Main problem: Travel restrictions -> participation in meetings critical
